European Textured Woodgrain Panels

stijle™
by SCHENK

Como

Our Stijle™ Como line offers linear woodgrain texture panels which look equally stylish in both horizontal and vertical orientation. With matching front and back texture and premium laser edge-banding, our doors offer a pristine look and feel.

Como Select

Stijle™ Como Select elevates wood reproductions to a level of natural authenticity that has to be seen and touched to be fully appreciated. Deep texturing is synchronized to match the woodgrain pattern of the panel. The realistic texturing combined with a beautifully matte surface conveys a genuine wood appearance.
